

## African Network for Artificial Intelligence in Biomedical Imaging

The primary mission of the Special Interest Group is to connect researchers, and all stakeholders interested in MICCAI related research and applications in Africa.

### Goals

- Promote collaboration among African and international researchers.
- Enhance availability of African Medical Image Datasets.
- Enhance access to educational and training opportunities.
- Boost African participation at MICCAI.

### 950+ Members in Africa

### AFRICA Activities

#### Educational Workshops

Journal Clubs

Webinars

NVIDIA Workshops

#### Writing Workshops

*"The writing workshops helped me to better structure my ideas, and significantly improve the quality of my paper to present in MICCAI."*

- Metou SANGHE  
MSc Student, Université Iba Der Thiam de Thies, Senegal

*"I am deeply grateful for AFRICA for the writing workshops that led to my paper acceptance and the MICCAI travel grant."*

- Gebregziabihier NIGUSIE  
Lecturer, Mizan-Tepi University, Ethiopia

#### Support & Grants

- MICCAI Travel Grants
- Paid Mentorship Program
- Best AFRICA Journal Club
